

Suzannah Gregson

Hi, I'm Suzannah, the Early Help Team Manager at Cumberland Council.

I have worked with children, young people, and families for more than 20 years. My role is to support the Early Help Team, Families Information Service, and Family Community Team.

I work alongside experienced colleagues and local organisations to make it easier for families to get the help they need. I want families to feel listened to, respected, and included. I believe it is important to recognise what families are already doing well and build on their strengths.

My aim is to make sure children, young people, and families remain at the centre of everything we do.

When I'm not at work, I enjoy spending time with my family, walking, and taking photos of nature.
